KINTEK SOLUTION

PERFIL DA EMPRESA

>>> Sobre nós

Kintek Solution Ltd is one technology orientated organization, team members are devoted to probing the most efficient and reliable technology and innovations in the scientific researching equipment, fields like biochemical reacting, new materials researching, heat treatment, vacuum creating, refrigerating, as well as pharmaceutical and petroleum extracting equipment.

In the past 20 years, we earned rich experiences in this researching equipment field, we are capable to supply both the equipment and solution according to customer's needs and realities, we have also developed lots of customer tailored equipment according to a specific working purpose, and we have lots of successful projects in many universities and institutes from different countries, like Asia, Europe, North and South America, Australia and New Zealand, Middle East, and Africa.

Profession, quick response, hard working, and sincerity is a remarkable label of our team members working attitude, which earn us a sound reputation among our clients.

We are here and ready to service our clients from different countries and regions, and share the most efficient and reliable technology together!

Cadinho De Alumina (Al₂O₃) Com Tampa Cadinho De Laboratório Cilíndrico

Número do item: KM-C02

Introduction

Cadinhos Cilíndricos Os cadinhos cilíndricos são uma das formas mais comuns de cadinhos, adequados para fundir e processar uma grande variedade de materiais, e são fáceis de manusear e limpar.

Cadinho De Cerâmica De Alumina (Al₂O₃) Barco Semicircular Com Tampa

Número do item: KM-C03

Introduction

Os cadinhos são recipientes amplamente utilizados para fundir e processar vários materiais, e os cadinhos semicirculares em forma de barco são adequados para requisitos especiais de fundição e processamento. Os seus tipos e utilizações variam consoante o material e a forma.
